### Details

---

#### Description

The Ukrainian company with many years' experience in manufacturing leather footwear (male, female, children's) launched a line of children's healthy and orthopedic shoes assisted by medical experts in 2015. The Company sells its products in the domestic market in the mid-price segment and plans to export them.

Paying much attention to the quality of raw materials and components of products, the Ukrainian company expects from its potential suppliers:

- stable quality;
- timely delivery time.

The Company seeks long-term partnership on the basis of a commercial agreement with technical support.

#### Technical Specification or Expertise Sought

Product requirements:

- modern models of children's soles made of TEP (thermoelastoplast).
- the material should be resistant to wear, have no sharp odour, contain no substances harmful to the child's health.

The Company is presently looking for soles of two types:

- Children's sole with Thomas heel;
- Children's sole for sneakers.
